

IN THE CHANCERY COURT OF LAFAYETTE COUNTY, MISSISSIPPI

MATTHEW OLIVER REARDON

V.

CAUSE NO: 2016-422W

PHYLLIS MARIE CROWDER

PETITION FOR REDUCTION OF CHILD SUPPORT OBLIGATION

COMES NOW the Petitioner, Matthew Reardon, who hereby Petitions this court to reduce the amount of his monthly child support obligations paid to respondent for the minor child LER. In support of this request, Petitioner states the following, to-wit:

- 1) Pursuant to MS Code § 43-19-101, a non-custodial parent who has one child with the custodial parent is legally obligated to pay child support in the amount of 14% Adjusted Gross Income.
- 2) That Petitioner only received \$8,744.39 over the course of the prior year (2022), and this is the only money paid to Petitioner during the calendar year.
- 3) That pursuant to the guideline listed in MS Code § 43-19-101, Petitioner's child support obligation to Respondent should have been \$102.02.
- 4) Respondent was grossly overpaid the amount of \$400.00 per month, nearly 4 times the amount required and a staggering 55% of Petitioner's Adjusted Gross Income.

- 5) Petitioner requests expedited relief through this court by it lowering the child support obligations he owes Respondent to a much more proportionate amount which Petitioner proposes to be \$150.00 per month.

PRAYER FOR RELIEF

Petitioner prays that this court take Judicial Notice of the information attested to in this petition, MS Code § 43-19-101, along with the attached exhibit to lower Petitioner's continued child support obligation to a proportionate amount. Petitioner prays that this court grant him any other general or special relief which he may be entitled.

Respectfully Submitted this the 7th day August, 2023
